Dear parents, children, staff and parishioners,

As we come to the end of our third week of school closure, I wanted to share a message of gratitude to all of our children and families. The resilience that we have seen in everyone, the way you have all learnt to navigate our remote learning platforms and the kindness and support shown to our school has given me such pride in our school community. We fully understand and empathise that everyone is in different home situations with individual pressures so this message will hopefully reiterate the fact that school is here to support you. If you are having problems managing to support your child's learning alongside working from home, going out to work or caring responsibilities, please talk to us. In the midst of a global pandemic, the mental health and wellbeing of everyone in our school community holds equal importance with the learning we set for the children so we will do as much as we can to help you find a good balance. So once again, please talk to us if you need support, follow the guidance and stay safe.

Covid-19 Test Results during national Lockdown

If your child or anyone in your household receives a POSITIVE COVID-19 test result, even if your child or children are not attending school at the moment, please can this evidence be emailed to L.stevenson@romeromac.com

I must be made aware of this for our records. We have been making a few home visits and discovered parents have symptoms of Covid, but are not getting tests. Please can I strongly advise people to get tested if anyone in the family is feeling unwell as the COVID-19 symptoms can be very varied. I sincerely hope that everyone stays well.

Sacred Heart's GOT TALENT 2021

Unfortunately, this year we can not do our annual Sacred Heart's Got Talent show due to the school closure and also the Pandemic. BUT...we have come up with a different way of doing it. We would really still love to share the talents and skills of children in our performance, so we would like to ask the children to share their talents from home. Ideas....they might choose to sing a song, read a poem, do a rap, perform a dance – the choice is up to the children. If they would like to take part, then please film a 1 minute video. This is open to all children this year – Nursery to Year 6....good luck children; we can not wait to see your performances. We will notify you next week how to send in the information.

Speed Stacking

Thank you to all those who purchased speed stacks for your children. We are waiting for the company to confirm the delivery details of these orders. As soon as they have arrived at school, we will be in touch to arrange getting them out to you. In the meantime, here is a link to some training videos that will explain some of the stacks your child can learn [Training Videos - Speed Stacks UK](#)

Cardio Drumming

Next week, in the children's P.E lessons, all of the skills we will be working on begin with the letter C as we're in our third week of remote P.E lessons. We will be working on improving the children's cardio fitness through a fun activity called cardio drumming. For this, the children will need two items that they can tap together and off the floor/a table. In school we will be using cut up swimming noodles, but at home the children could use wooden spoons, pencils or two soft items they can touch together such as small teddies etc...

If you could help your child to find two items they could use for this activity that would be amazing 😊 All will be explained in the videos next week!

Sports Stars

We've been really impressed with how the children are engaging with the different P.E activities we've set them. We wanted to do something to recognise and praise the children for their successes. Each week we will be awarding our sporting stars, and the selected children will receive a special little message from Miss Edge 😊

Let it Snow!

We do intend to keep the school open throughout the Winter. If it becomes impossible to safely open the school, we will consider the following factors:

- safety and accessibility of the site and surrounding area
- availability of heat, light, power and water
- availability of staff
- availability of meals

As parents, we encourage you to listen to the local radio stations for up to date information. You can also find information at www.coventry.gov.uk/schoolclosures. Closures will also be reported on Coventry City Council's Twitter account www.twitter.com/coventrycc and Facebook account www.facebook.com/coventrycc

Sacred Heart Parent Feedback

Now that we are more settled in our home learning approach, we wanted to provide an opportunity for parents to give us feedback on how it is working for you at home. We are really proud of how staff and children have adapted to online learning and the work being produced so far has been fantastic, however, we also want to make sure that the way we are operating is working for families at home, during this tricky and challenging time.

We have sent an Arbor out with the link or you can click on the link below to complete this. Many thanks for your continued support.
